REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach and/or suggest a feed belt having a belt body, a plurality of fingers coupled to the belt body at constant pitches, wherein the belt body has fitting openings and slits formed at one side of the fitting openings, wherein each fitting opening is coupled with a fitting portion and an elastic hinge portion is formed at one side of each finger and each slit is coupled with a bent gripper portion formed at the other side of the finger to allow movement of the bent gripper portion, so that the fitting portion and the elastic hinge portion of the finger to be coupled in to the fitting opening are integrally formed and the bent gripper portion to be fitted into the slit is integrally connected with the elastic hinge portion through a direction conversion portion.

The prior art devices show the fingers being integrally formed with the belt which does not allow replacement of the fingers so that the belt has to be replaced. The instant invention alleviates this concern by making the fingers in such a manner that they can be replaced and inserted into the feed belt in an efficient manner.

Drawings

2. Figures 1-7 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct

any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
